

How To Create Your Own Session On Hopin

Gather with your friends after our program ends with a few easy steps! Please see the guide below for instructions.

Step 1: Click the Sessions Button

Step 2: Click the Blue + Create Session Button

The 'Create a session' form is shown with the following fields and options:

- Session type:** Radio buttons for 'Open' (selected) and 'Moderated'. A note below states: 'Attendees can join and leave an open session anytime'.
- Session Name (required):** Text input field with the example 'e.g. "General thoughts and insights"'. A note below states: 'Name must be shorter than 60 characters'.
- Session Description (required):** Text input field with the example 'e.g. "Everyone is welcome!"'. A note below states: 'Description must be shorter than 140 characters'.
- Maximum Participants (required):** A dropdown menu with a question mark icon.
- Create Session:** A large blue button at the bottom.

Step 3: Fill in the Required Information:

- Name your session
- Add a description
- Add a maximum total of participants
- Click "Create Session"
- Click on session to enter!
- Click "Join with Audio and video" once you enter your session
